THIS IS UNEVALUATED INFORMATION

1. A well-equipped airfield is located approximately two kilometers northeast of Prizren. The airfield is 2,000 meters long and 700 meters wide, and has three wooden hangars covered with corrugated steel roofs. Each hangar can hold from three to four planes. In addition to the hangars the airport has a one-story stone building 50 meters long by 20 meters wide, which houses approximately one hundred soldiers. The building contains a kitchen and offices. The airport surface is of hard-packed earth.
2. An underground tank is located at the airport. It is modern and has a capacity of approximately twenty thousand liters of gasoline.
3. Night lighting equipment and six auxiliary reflectors facilitate night flying.
